Meeting (Quakers)

Meeting for Worship is on Sundays. It begins with worshipful singing and sharing at 9:30 a.m. followed by one hour of silent/waiting worship which starts at 9:45 a.m.

After worship on most Sundays there is a break for fellowship with coffee, tea, and snacks, which is then followed, at about 11:15 a.m., by an enlightening and enjoyable, "second hour" program.

**Visitors and enquirers are
always very welcome.**

First Day School for Children now has a format which includes circle time, singing the Hello Friends song, a story, nature walk and art project. The teachers and parents are very pleased with the new format.

In March, First Day School will be March 10th. In April, it will be April 14th.

The **Education Committee** will not meet in March. All are welcome to join them for the next meeting on April 13th at 1:30 at OMNI.

Daylight's Savings Time starts March 10th, so the **Earthcare Committee** encourages everyone to use the extra hour of daylight at the end of the day to take a wildflower walk or hike, and to share what you see with Meeting. Bonus points if you take some pictures! Some common species you may start to see in an urban setting this time of year include bluets, speedwell, spring beauties,

violets, henbit, pussytoes, and purple dead nettle.

Join the Earthcare Committee for the first workday for the **Educational Native Plant Garden** at the Ozark Natural Science Center (ONSC) on **March 16th**. Plan to get started at ONSC at 10am. All are welcome to come help out. If anyone wants to carpool let Eric Fuselier know and arrangements can be made.

All are welcome to attend the committee's next meeting, March 15th, 5:30 pm at OMNI.

Registration for 2019 Friends Gathering starts April 1. Let anyone on our M&O Committee (Magaret, Maya, LaDeana or Karen) know if you would like financial assistance so you can also request assistance from FGC too when you register. And you really should register between 4/1-4/13 to get the financial assistance. So let's all go!

The **library** has received two new Pendle Hill Pamphlets that are now available for check-out.

In *The Healing Power of Stories*, the author, Michael Bischoff, a Quaker, tells of his struggles with aggressive brain cancer. He shares the lessons he learned and the healing of his spirit by telling his story and listening to others.

In *Trying to Be Truthful*, Chel Avery peels back the layers of the human condition to explore the complexities of truth-telling.

"This grand show is eternal. It is always sunrise somewhere; the dew is never all dried at once; a shower is forever falling; vapor is ever rising. Eternal sunrise, eternal sunset, eternal dawn and gloaming, on sea and continents and islands, each in its turn, as the round earth rolls." — John Muir
